

Hello and welcome to AP Bio! I'm excited for you to join me for the 2017-18 school year as we explore the science of life on Earth, including evolution, genetics, ecology, and cellular processes. To prepare for next year, the first thing that you need to do is to sign up for one of the Edmodo groups. If you join in the next two weeks, you can just sign up directly using the group code (easier). If you wait, it's not a big deal but you have to use the "Join Group URL" which will add you to join list that I have to approve. Here are both options...

Per. 6 Group Code: **a6acdq**

Per. 6 URL: <https://edmo.do/j/8qknmm>

Per. 7 Group Code: **6ix46u**

Per. 7 URL: <https://edmo.do/j/fd4wrr>

Per. 8 Group Code: **d7eeha**

Per. 8 URL: <https://edmo.do/j/usykwx>

Once you join the Edmodo group, you'll have access to the online textbook instructions and the summer assignment (listen to a sweet podcast and respond to some online writing prompts). All told, it should take about an hour out of your summer, so hopefully that's not too bad. Let me know if you have any questions, good luck on this year's finals, and most importantly, HAVE A GREAT SUMMER!
