# Activities at East

Students should come to the club fair, September 7th during lunch on the E. This is a great opportunity for your student to see what is available and sign up! If your student would like to start a club, See Tee! See Tee MacDonald in room 100 for any questions or concerns about clubs!

\* Students should come to the dances! They should not come under the influence of drugs or alcohol!

\* Students who are under the influence of drugs or alcohol will lose their privilege to attend school sponsored events and will face suspension.

Please remember that your 14-year-olds are in new environment and in a large school that also includes 18-year-olds. It is acceptable to “hold the reigns a little tighter”.

## Homecoming

- Tickets go on sale September 4th
- Cost is \$15 for singles & \$25 for couples
- Non-East guest forms due into the dean's office by September 13
- 1 guest per East student
- Guest must be on the other half of couples ticket

# Attendance

## MATTERS!!!!

It impacts:

Grades

Relationships with Teachers & Students

Understanding of content

Engagement & Sense of community

# Use of phones/other electronic devices

- Generally, phones are not to be used during class time.
- Parents, please help us by refraining from calling or texting students during school hours.
- If students are on phones during class time, teachers can confiscate them to turn into the deans office. Parents/Guardians will be required to pick up the phone.

# Positive uses of Social Media in High School!

1. Social medial sites can increase student collaboration!
2. Using social media positively can encourage more school participation!
3. Social media sites can be useful for homework help! (Like Edmodo and Google classroom).
4. Sometimes you can quickly access class materials using positive social media!
5. Social Media can help keep parents, teachers, coaches, activity organizers and students on the same page!

# Inappropriate uses of social media

- Inappropriate social media can be a distraction in the classroom. Students are not to use facebook, snapchat, instagram, or any other form of social media while in class.
- Social Media can detract from human interaction! Make sure your child is still physically hanging out with people.
- Students have difficulties and suffer consequences when they say/post things they wouldn't normally say to a person's face! Cyberbullying on social media is still bullying, and is not tolerated.
- Students will have consequences for posting inappropriate content on social media (nudity, drug or alcohol use, homework or test answers, bigotry or bullying.) [Internet safety](#)

Come see us if you have  
specific questions!

Thank You 😊
