How You Can Help

VOLUNTEER

Planning has already begun! We need parents to help on various committees (everything from decorations and space planning to prizes, food etc.) with planning to day of set-up and hosting. Don't fret Jr parents, there is also a Junior Parent Committee!

DONATIONS

This event is FREE for our students, however it is not free to plan and execute. We will be asking for monetary, in-kind and prize donations from families and local businesses, throughout the year.

SPREAD THE WORD

We all lead busy lives and have limited time but this event is so worth the commitment. The more people that get involved the lighter everyone's work is. We need you to make this event a smashing success!
