The CSC Does

Every school is required by state statute to have a School Accountability Committee (SAC), which are known as CSCs in Denver. The CSC is responsible for:

- **Providing guidance, evaluation, and recommendations** to the Principal about:
 - Budget priorities
 - Guidance related to the priority strategies and actions to be taken at the school site
 - Discussing data representing the progress of student performance at the school
 - Providing input for principal evaluations as it relates to the CSC
 - Increasing family engagement, especially ensuring that parents represent the diversity of the student body (including race, free/reduced lunch, limited English proficiency, and disability--as described by [Colorado law](#) (.pdf)).

The CSC Does Not

The CSC does NOT:

- Participate in the day-to-day operations of the school;
- Involve itself in issues relating to individuals (staff, students, or parents) within the school
- Involve itself in personnel issues (the School Personnel Committee will stand alone according to the current DPS/DCTA contract)
- Advocate for their own perspective, rather they advocate for the greater good of the school

Terita's Statement of Purpose:

My leadership purpose is to foster a community that instills a passion for learning, inspires creativity, encourages collaboration, expects and rewards critical thinking and accepts responsibility for social justice.

Strong Structures and Systems Support Purpose and Predictability

Collaborative School Committee

Statement of Purpose: The purpose of the East High School CSC is to provide input, guidance and advocacy to ensure the advancement of every Angel in their academic experience and in life.
